

SCIATIC TORTURE

A Locomotive Engineer Tells How He Was Cured by Dr. Williams' Pink Pills.

Pain that seems almost unbearable is a characteristic of sciatic rheumatism. In some cases the pain is knife-like, sharp or shooting; in others it is dull and aching. Sciatica is stubborn in resisting treatment and the patient frequently suffers for years. This was the case with Mr. Herbert E. Spaulding, a locomotive engineer on the Cincinnati, New Orleans & Texas Pacific Railway, whose home is at Longview, Texas.

"While running an engine some years ago," he says, "I fell off and hurt my knee and spine and I have always considered this to be the cause of my illness. The sciatica took hold of me from my heel to the back of my head. The pain was the worst I ever suffered in my life and my leg and back were twisted out of shape. I was under a physician's care for several months and for six months could not get out of bed. I also went to Hot Springs but came back in a worse condition than when I went.

"It was when I was down in bed that I heard of the case of a Mr. Allison, a much older man than myself, who had been cured of sciatica by Dr. Williams' Pink Pills. I began taking the pills and soon was able to get out of bed. When I had taken six boxes I was able to work about the house and yard. I kept right on with the pills until I was cured and I have never had any return of the trouble. I have been running an engine ever since."

Dr. Williams' Pink Pills are sold by all druggists, or sent postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams Medicine Co., Schenectady, N. Y.

Secret of Japan's Success. Gen. Sir Ian Hamilton of the British army wrote the evening after one of the great battles which he had witnessed between Russians and Japanese in the recent war in Manchuria: "To bed! Although it is with reluctance that I prepare to lose my grip of the exciting consciousness that I have to-day seen the most stupendous spectacle that it is possible for mortal brain to conceive—Asia advancing, Europe falling back; the wall of mist and the writing thereon." Then as to the meaning of this retreat of Europe before advancing Asia: "The more I think the more certain I am that it was not strategy or tactics, or armament or information, which won the battle of Liaoyang for Oyama, but that it was rather the souls of the Japanese troops which triumphed over the less developed, less awakened, less stimulated qualities of the Russians."

THREE BOYS HAD ECZEMA.

Were Treated at Dispensary—Did Not Improve—Suffered Five Months—Perfect Cure by Cuticura.

"My three children had eczema for five months. A little sore would appear on the head and seemed very itchy, increasing day after day. The baby had had it about a week when the second boy took the disease and a few sores developed, then the third boy took it. For the first three months I took them to the N— Dispensary, but they did not seem to improve. Then I used Cuticura Soap and Cuticura Ointment and in a few weeks they had improved, and when their heads were well you could see nothing of the sores. Mrs. Kate Keim, 513 West 29th St., New York, N. Y., Nov. 1, 5 and 7, 1906."

Pine 200 Years Old. Charles H. Lord of Dunbarton, N. H., recently cut a large pine tree on his farm which, from the rings, was 200 years old. The tree was 134 feet tall, measured five feet four inches on the stump, and at the height of 60 feet measured three feet in diameter.

Stood the Test.

Alcock's Plasters have successfully stood the test of sixty years' use by the public; their virtues have never been equalled by the unscrupulous imitators who have sought to trade upon their reputation by making plasters with holes in them, and claiming them to be "just as good as Alcock's."

Alcock's plasters stand to-day endorsed by not only the highest medical authorities, but by millions of grateful patients who have proved their efficacy as a household remedy.

MISSISSIPPI NEWS

Fighting the Cumberland.

The feud between the citizens of Friars Point and the Cumberland Telephone Company has reached a critical stage, the matter having passed out of the hands of the railroad commission, and has arrived at a point where litigation seems inevitable.

The town council of Friars Point has directed that suits be brought against the corporation to recover damages for the use of the streets of the municipality during the past ten years, and the board of supervisors of Coahoma county has instructed the road commissioner to furnish the county attorney with a list of all public roads occupied by the company's poles, and unless the corporation settles the rental claim a summary removal of the poles and wires will be ordered.

Cocaine and Crime.

The grand jury of Lee county, in submitting their final report made that document brief but expressive. They reported having examined 283 witnesses and returned 20 indictments. In the next sentence the report states: "We find from the reports of the justices of the peace the lesser crimes on the increase, and recommend a more rigid enforcement and heavier punishment for these smaller offenses, believing that the greater crimes grow out of them."

One of the greatest obstacles in the way of enforcing the laws, in some sections of the State, and of suppressing these small vices, is the cocaine evil, and the apparent facility with which those accustomed to its use can get it.

Will Make Cotton Bagging.

Pursuant to the resolution adopted at the State convention of the Farmers' Union, in Jackson, pledging the members to use cotton bagging in preparing the 1907 crop for market, arrangement has been made by Chairman H. W. Bradshaw, of the executive committee, and Secretary G. W. Russell, for the manufacture of cotton bagging for this purpose. It is estimated that if all the farmers in Mississippi use cotton bagging, instead of the material generally in use, about 25,000 bales of the State crop would be consumed at home.

Improvements at Mammoth Springs.

A new company has just completed a deal for the purchase of Mammoth Springs, a health and summer resort near Hattiesburg. The company will expend \$100,000 in the development of the property, putting in a large hotel, many cottages, a sanitarium, auditorium, gymnasium, and other features. Franchise has already been taken out for an electric railway to connect the springs with Hattiesburg.

District Pythian Meeting.

Sues for \$5,000 Damages.

Unable to find a ticket he had bought and placed in his pocket, Martin Jones alleges that he was ejected by the conductor from a moving Alabama and Vicksburg passenger train and had his shoulder broken. He brings suit for \$5,000 therefor.

Baptist Exhibit.

The Baptists of Mississippi will join in the collection of an exhibit to be placed in the Baptist memorial building at the Jamestown Exposition. Hon. E. W. Stephens, of Columbia, Mo., president of the Southern Baptist convention, is urging the members of the Baptist clergy throughout the State to co-operate.

Soil Experts at Work.

Government experts and soil surveyors are at work in Jasper county making investigations for the department of agriculture. The surveyors are going down deep into the soil, to a depth of three feet or more, and are taking out samples of the different layers or deposits, for the purpose of analysis.

The Oyster Industry.

The advent of warm weather has diverted the oyster industry on the Mississippi coast from the raw shipper to the cannery factory, and the shipments of oysters in bulk will be rather limited during the remainder of the season, which will be brought to a close on May 15.

Railroads Protest.

All railroads in the State have joined in a formal protest to the railroad commission against the enforcement of the 2-cent interchangeable mileage order.

Epworth League.

The fifth annual convention of the Epworth League will be held at Laurel March 28-31, inclusive.

Sunday School Convention.

Preparing for Commencement.

Vice Chancellor Alfred Hume will remain in active charge of affairs at the University of Mississippi until after the close of the present term and is now directing preparations for the June commencement exercises.

FADED TO A SHADOW.

Worn Down by Five Years of Suffering from Kidney Complaint.

Mrs. Remetha Myers, of 180 South Tenth St., Ironton, O., says: "I have worked hard in my time and have been exposed again and again to changes of weather. It is no wonder my kidneys gave out and I went all to pieces at last. For five years I was fading away and finally so weak that for six months I could not get out of the house. I was nervous, restless and sleepless at night, and lame and sore in the morning. Sometimes everything would whirl and blur before me. I bloated so badly I could not wear tight clothing, and had to put on shoes two sizes larger than usual. The urine was disordered and passages were dreadfully frequent. I got help from the first box of Doan's Kidney Pills, however, and by the time I had taken four boxes the pain and bloating were gone. I have been in good health ever since."

Valuable Rubber Plant.

A German maid with a knowledge of English just sufficient to get things mixed was much interested in the house plants of her mistress, who possessed, among others, a rubber plant.

One day while sweeping the room she had occasion to move this particular plant, when she remarked that she had read in the paper that a rubber plant worth \$200,000 burned in Woonsocket, and she thought it must have been a beautiful plant to have cost so much money.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts

and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.
